Home Owners Of Ocean Sands

keeping you informed

**We see a positive, unintended consequence
from the delay in the
Annual Owners' Meeting!**

We hope that you are safe and well, as the Outer Banks continues to open up and to safely welcome back all owners and visitors.

The past few months have seen many closures and postponements, including our annual owners' meeting which has been rescheduled for Sunday, October 11.

But - there is a positive unintended consequence from the delay in the Ocean Sands North Annual Owners' Meeting. We see this as a big opportunity to seize the next FIVE MONTHS and meet our goal for self-governance BEFORE October 11. We are short just **52** signed consent forms needed to achieve independence from developer control.

WE NEED YOUR HELP NOW! HERE'S WHAT YOU CAN DO:

Owners are back, preparing their homes for the rental season. **TALK** to your FELLOW OWNERS, **ASK** THEM IF THEY HAVE SENT IN THEIR FORM. **AND IF NOT, WHY NOT?** Emphasize the importance of their action and the positive impact of removing the developer's control of our community's Board of Directors.

Forms may be found here: [2020 Written Consent Form](#)

Or, email the Governance Committee: admin@oshoa.org
